## Why students choose Protech

### Expert Faculty

Learn from experienced trainers who mentor you through real, hands-on projects.

### Career Focused

Every course maps to a clear job role — from operator to developer to designer.

### Trusted Since 1995

A Karnataka Minority Education Society institution with a 30-year track record.

## OUR PHILOSOPHY

### “Don't rush to join us...!”

Take the advice of our counsellor, attend a demo, and talk to our faculty. Get satisfied with our staff first. If you're ambitious and want to make your position in I.T — then definitely join us.

# Our Course Catalog

From programming and data science to design, marketing, accounting and hardware — choose the path that fits your ambition. Every course is practical, project-based and mapped to a real career outcome.

|                                                                                                                                                                |                                                                                                                                                                   |                                                                                                                                                                       |
